

Genuine accessories SLC and SLK

Mercedes-Benz

Exterior

Interior

Safety and quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of genuine accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users.

The star logo has always signified allure, perfection and responsibility – attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness – not to mention their already outstanding comfort. That special sense of design, zeitgeist and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense just by looking, listening, touching – and of course driving.

Doesn't go with the flow. Creates it.

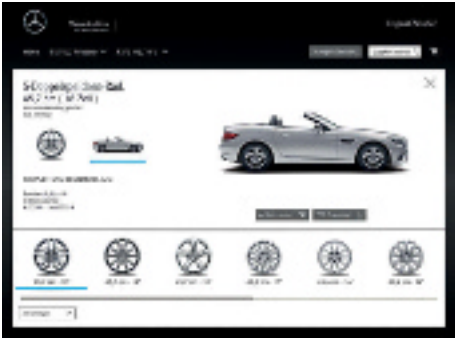

There's a storm brewing: the new Mercedes-Benz SLC. Design and power which will blow you away. And the genuine exterior accessories will even whip up a hurricane. Effervescent on the exterior, absolute silence in the interior – thanks to the clearly arranged and convenient interior accessories which makes you the eye of the storm. But whether it's a light breeze or a dynamic gust: with the Cargo & Care accessories your luggage is always safely stowed away. There's a breath of fresh air with the SLC: and it's yours for the making.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your authorised Mercedes-Benz dealer has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Choose your favourite wheels online. Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at <http://configurator.mercedes-benz-accessories.com>.

Light-alloy wheels are supplied without tyres, wheel bolts, valve caps or hub caps.

¹ Not for AMG model variants.

Light-alloy wheels are supplied without tyres, wheel bolts, valve caps or hub caps.

Broadens horizons. Mercedes-Benz telematics.

	Article number
01 Garmin® MAP PILOT ¹ . Transforms your Audio 20 radio into a high-performance navigation system with 3D map views. Garmin® MAP PILOT uses the standard-fit 17.8 cm display with TFT technology and can be conveniently operated via the car's Controller and the Audio 20 keypad.	A218 906 4501
Europe navigation update for Garmin® MAP PILOT ¹ not pictured.	on request
02 Universal smartphone cradle . The universal smartphone cradle allows you to use a variety of different phones in conjunction with the vehicle's external aerial. The size of the cradle can be altered at the upper and lower edge to offer the optimum fit for each smartphone. The cradle is fitted to the pre-installation in the centre console as normal and the smartphone is connected to the audio system via Bluetooth®. The inductive aerial in the cradle, together with the connection to the external aerial, ensures optimum reception during phone calls or when using the internet. Charging cables with micro USB or Lightning connectors are available separately for charging your mobile phone. A list of currently supported phones can be found at www.mercedes-benz.com/connect .	A222 820 6401
Charging cable with micro USB connector not pictured.	A222 820 6601
Charging cable with Lightning connector not pictured.	A222 820 6701
03 Mobile-phone cradles ² . When it comes to selecting a mobile phone for your Mercedes-Benz, you've never had so much choice. A simple click! is all it takes to replace the mobile-phone cradle. It takes a matter of seconds and is as straightforward as inserting the mobile into the cradle itself. Changing your mobile and even alternating between different models of mobile no longer presents a problem. Enjoy the advantages of Convenience Telephony to the full. Cradles are available for a range of popular mobiles.	
e.g. for iPhone® 5/5s.	A212 820 0200
04 Mercedes-Benz Bluetooth® (SAP)² telephone module ³ . The telephone module ensures that COMAND Online has a fast, stable and secure internet connection via the integral UMTS module and the direct link to the vehicle's external aerial. You can simultaneously talk on the phone, use Mercedes-Benz Apps and have your text messages read aloud. The telephone module can be used as a permanently installed telephone or as a data modem with all of the functions of Convenience Telephony (code 386): it is operated via your multimedia system and uses the personal contact details on your mobile's SIM card. With USB interface for power supply. The telephone module can be operated via the SIM card in your mobile phone or by inserting a SIM card directly into the module.	A212 906 6303
Media Interface consumer cable kit not pictured. Control your iPod®, your iPhone® or other devices with a micro USB connection via the multifunction steering wheel or your audio system.	A222 820 4515

¹ For the latest navigation updates, visit our online shop at <http://shop.mercedes-benz.com>. Orders and deliveries are only possible within Germany.

² Only in conjunction with Convenience Telephony (code 386). ³ SAP (SIM Access Profile) facilitates reading out of your mobile phone's SIM card.

Find out more about our interior products at <http://configurator.mercedes-benz-accessories.com>.

All worries blown away.

Child safety.

If your car is fitted with the automatic passenger airbag shut-off (optional extra code U10), there is a weight-dependent classification. In the case of rearward-facing child seats the passenger airbag is deactivated, and in the case of forward-facing child seats the passenger airbag is activated or switched off. The system functions both when using the i-Size/Isofix attachment and when exclusively using

the seat belt for anchorage of the child seat. Mercedes-Benz child seats are available in the “Limited Black” design. The covers are washable and very hard-wearing. Replacement headrest covers are available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in chilli red and flannel grey.

		Article number
01	“KIDFIX” child seat. Booster seat with height-adjustable backrest with seat side bolsters for side-impact protection. The “KIDFIX” seat is secured using the three-point seat belt and ISOFIX attachment system. For children from approx. 3.5 to 12 years (15 to 36 kg).	A000 970 3800 9H95
02	“DUO plus” child seat. Offers safety for children between the ages of around 9 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable harness, ventilation channels and ISOFIX attachment points. Adjustable tilt.	A000 970 3700 9H95
03	“BABY-SAFE plus II” child seat. Offers safety through deep, moulded seat design for high side-impact protection. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg).	A000 970 3600 9H95
Headrest cover. For “KIDFIX” child seat.
